

FAQs for LAUNCH CRP919XBT

Q1: Connected LAUNCH TECH USA, but didn't get any support

A1: Please connect us via Amazon, or our Customer Service Team, Email

Address: aftersale-launchdirect@outlook.com

Our products are all original from LAUNCH TECH CO.,LTD, which is the headquarter of LAUNCH. LAUNCH TECH USA is only an oversea branch of Launch Tech in USA. Actually, we are competitors with LAUNCH TECH USA. Therefore, they will not offer any after-sale service to customers who bought the product from Amazon, please feel free to contact us anytime if you have any problems in using the device!

Q2: CRP919XBT can't charge or turn on

A2: Please try to fast boot the scanner, and then use the original USB cable to charge the device.

Step 1: Press the power button and volume "+" button at the same time.

After the Tablet vibration starts, release the power button and volume button to enter the interface "Fast Mood".

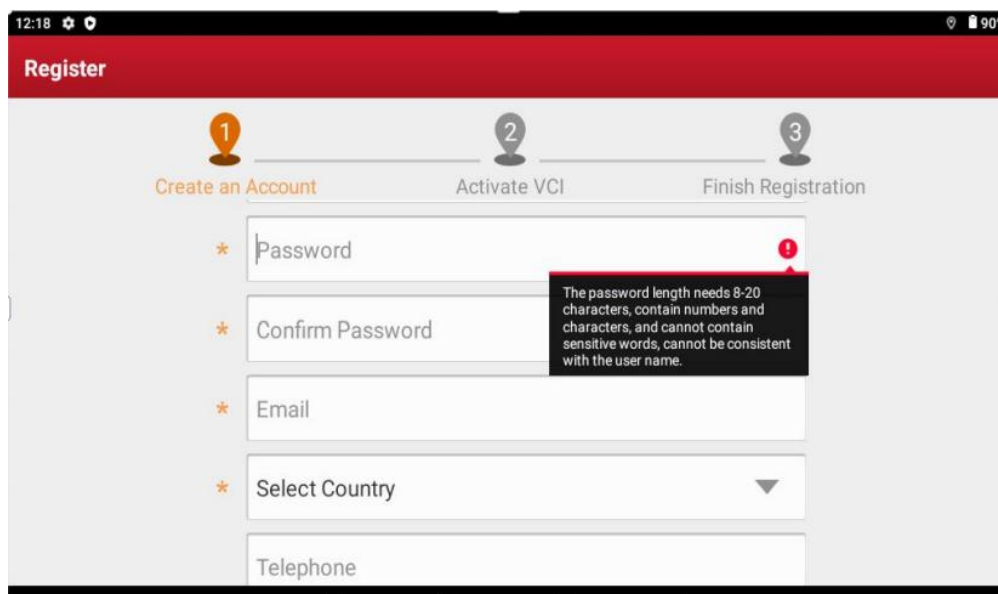

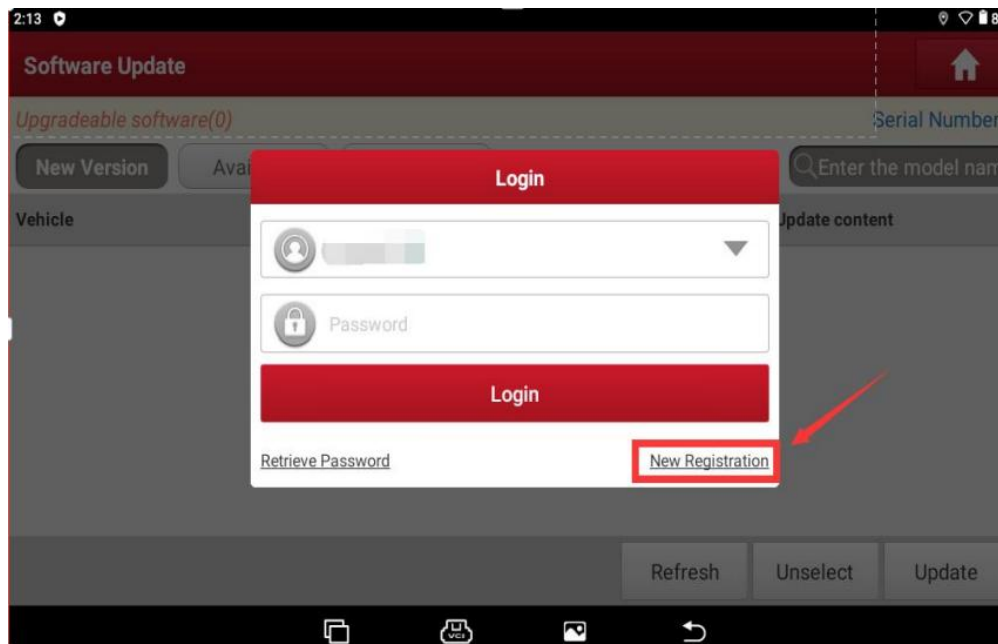

Step 2: Press the volume "+" or volume "-" button, select the Recovery mode interface and press the power button to confirm.

Step 3: Select wipe data/factory reset, select yes>>>select wipe cache partition>>>select "yes".

Step 4: After completion, press the volume "+" or volume "-" key, move to "power off", and click shutdown. Normally press the power button to boot.

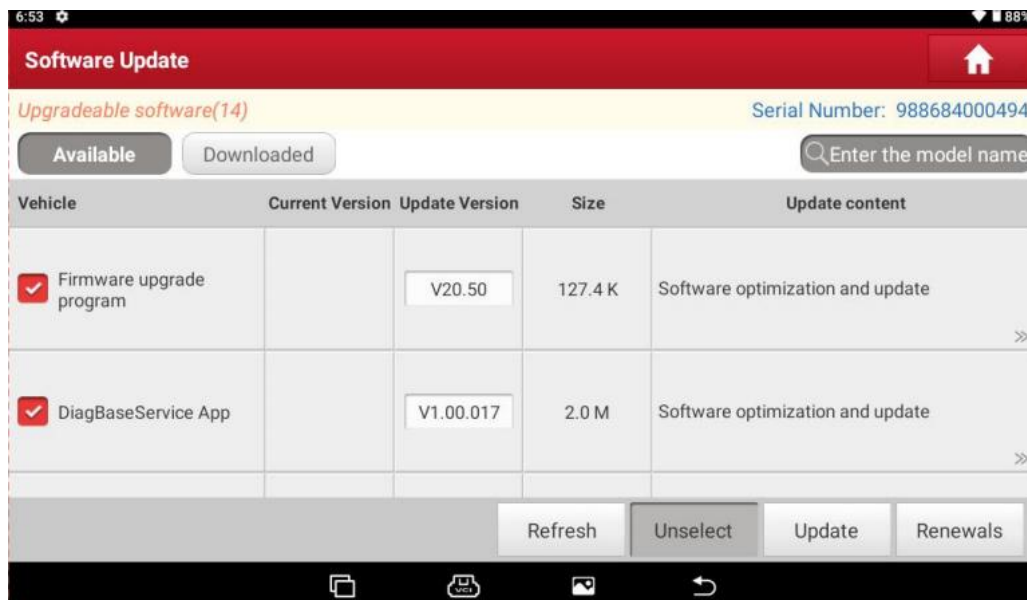

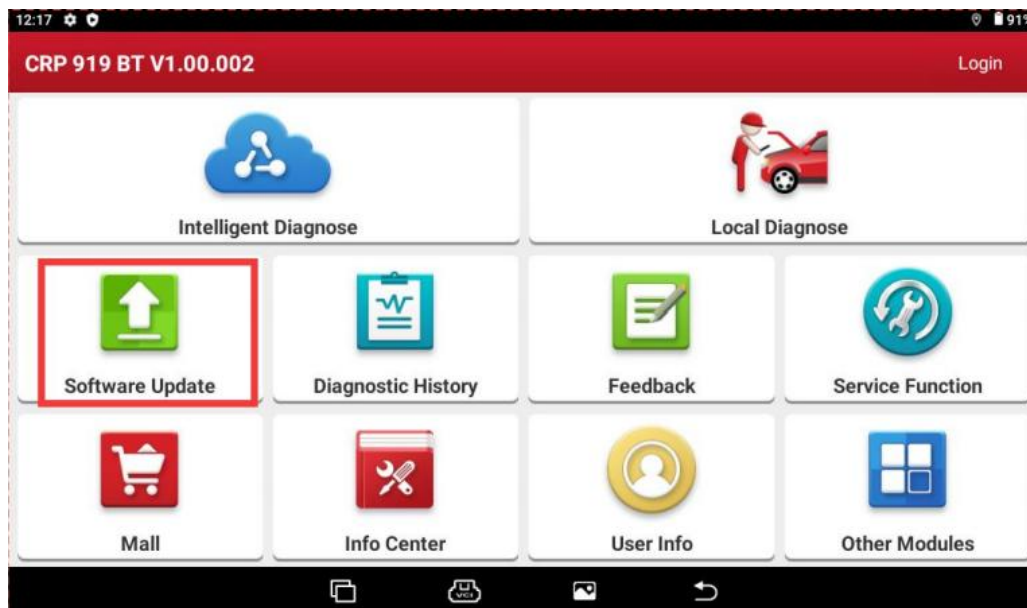

Q3: How to register the CRP919XBT?

A3: Hi, just choose New Registration, then follow the step to create an account and activate VCI, the password envelope in package is needed.

Q4: How to update the software? Does it plug and play normally?

A4: Hi, it can be used directly, but you'd better update all software to the newest version and then use it, cause the newest software are more stable and powerful, making work more faster. You can go to the Software Update, one-click update all software via WiFi.

Q5: Do I have to renew my subscription? What is the cost after the 2-year validity period?

A5: Hi, the renewal fee is USD170/year. You can choose to update it or not. Even if you don't update, you can still use the last version for most of the features all the time.

Q6: How many languages does CRP919XBT support? And how to change the language?

A6: LAUNCH X431 CRP919XBT supports 24 languages including English, French, Spanish, German, Russian, Korean, Japanese, Portuguese, Italian, Polish, Traditional Chinese, Simplified Chinese, Arabic, Turkish, Dutch, Greek, Hungarian, Danish, Persian, Serbian, Finnish, Swedish, Czech, and Romanian, which can meet different demand. You should be able to change it if you go to settings. The steps are below:
